### THE DIVINE IMAGE-ART OF ADI DA SAMRAJ

There will be two major events featuring Adi Da's Art this year. One is the debut Gallery Exhibition in New York, "The Transcendental Realist Art of Adi Da Samraj", opening on 9 September, 2010. And there is the presentation of His Image-Art in the Florence Dance Company's new ballet based on Dante's Divine Comedy in Florence this summer.

The curation for the New York exhibition draws on Images from Adi Da's two Suites on the Orpheus theme, *Orpheus One*, and *Linead One — Eurydice One*. The ballet, *Divina.com*, will be a 90 minute production presented in three parts. The Florence Dance Company will use projections of Bhagavan Adi Da's Divine Image-Art for the performance, along with original live music and dance.

In June, devotees celebrate The Sovereign-Avataric Holy Month of the Divine Image-Art Revelation, which honours Avatar Adi Da's Gift to the world of His "Bright"-Field Imagery, or His Expression of His Revelation of Reality as Indivisible Conscious Light through the medium of His Divine Image-Art.

*You are warmly invited to this event full of comprehensive visuals of Adi Da's Art.*

**THE GNOSTICON**  
**The "Perfect Knowledge"**  
**Reality-Teachings**  
**of His Divine Presence,**  
**Avatar Adi Da Samraj**

In The Gnosticon (which means The Book of Knowledge), Avatar Adi Da examines the Transcendentalist Teachings of the Great Sages, in light of His own Revelation of the Transcendental Spiritual Reality-Way of Adidam.

This book was conceived by Adi Da Samraj at the end of 2005. He was first moved to make His own rendering, or interpretive translation, of a traditional Advaitic text, The Heart of the Ribhu Gita, in order to elucidate (and thereby honor) its full meaning.

The Gnosticon also includes His renderings of key texts from the traditions of Buddhism and Advaita Vedanta, together with essential texts of His own "Perfect Knowledge" Reality-Teaching.

In the course of 2006, Avatar Adi Da transformed the nature of the book by adding many of His own Teachings relative to "Perfect Knowledge" of Reality—such as *Eleutherios* and *The Teaching Manual of Perfect Summaries*—as well as essays on radical devotion and right life. In order to present these Reality-Teachings in their full context as the apex of human wisdom, Adi Da Samraj also added essays He had written over the years about the more preliminary stages of human understanding, including commentaries on popular "God"-religion.
